Subject: Inquiry coordination please

Importance: High

Tina,
As per my phone message, I'd like to coordinate on Rep. Kilmer's inquiry...I'm assuming you received on also? EPA is interested in doing some sampling but I don't want to move forward with anything until I know what the Corps is planning. May I also get a copy of the permit?

We would like to have a draft response by COB tomorrow...any chance you will be able to get back to me?

Brenda
